

BATHROOM FURNITURE FITTING GUIDE

Please spend 5 minutes reading this section before commencing with the installation of your new furniture.

1. Should any of your items have a defect, please do NOT install as returns will not be accepted once fitted.
2. We advise that you use a qualified person to install your units, as any issues relating to poor fitting will not be accepted by the supplier.
3. You have purchased a handmade and in some cases hand painted product. Therefore, you may see some slight imperfections which the supplier may deem as acceptable.
4. This product is water resistant but NOT waterproof.
5. Please avoid direct sunlight as this will cause the painted surfaces to discolour.
6. Due to motion in transit, the cabinet doors and drawers may need to be adjusted after installation.
7. Floor Standing units must be fitted back to the wall through the backrail using suitable fixings. (not supplied)
8. Basin units should be fitted as above. The basin should also be secured where applicable using Fischer bolts through the fixing points under the basin. (not supplied) Note that not all basins have this facility.
9. Wall Hung units must be secured back to the wall using the wall hanging brackets supplied. Additional support is recommended using 'L' brackets. (not supplied)
10. The hinge on the Laundry Basket can be adjusted by slackening the screw on the side of the sliding bar.
11. When fixing to a stud or panelled wall, appropriate frame work should be installed to support the basins and units.
12. Where units or worktops have to be cut-out for services, all raw edges MUST be sealed against water ingress.

Hinge Adjustment

A- Vertical
